

**AIM Harvest Summary: Weeks of 6/27 and 7/5**

**3 person crew (2 divers)**

**Dive Leader: Kyle Jaquis (week 7), Nathan Shea (week 8)**

### Week 7

June 27<sup>th</sup>

Back to pork bay. Found 1/2 of a bag between pork and the divot just south of pork. Moved to the east shore of buck island finding 10 plants in the areas Guy had marked. Moved to fish creek bay where 20 plants were found. Most were in the shallows by the channel entrance.

June 28th

South Basin. 3/4 of a bag scattered throughout the area including shoreline to the north east of the south basin. Many plants were multi stemmed old growth. This area will need to be returned to.

June 29th

College Row to Green bay finding 6 plants in green bay. Moved to little square bay where 200 plants were picked. Most were small in the shallows.

June 30th

Little Square bay 4 bags were picked in the tongue area. Plants ranged from small new growth to large with multiple stems. This area will need to be returned to.

5 bags total

### Week 8

July 5th

Began by removing a couple plants each at Guy's buoys; 1136 off north tip of eagle Island, 1115 in North Gull Bay, 1127 in the southwest corner in the South Basin, Removed 50 plants from buoy 1126 in the south central part of The South Basin, Removed 55 plants from buoys 121-125 cluster in the south east of The South Basin. We found a medium sized patch between buoys 1126 and 121 cluster totaling 2.5 bags removed. Removed 35 plants from rocky shoreline in small north east bay in The South Basin. Removed a couple plants each at buoys 1133-1135 in the north west, north central and south east parts of Fish Creek bay. Removed 20 plants from buoys 1116-1120 in the south east part of The North Basin. Removed a couple plants each at buoys 130-132 in the eastern tip of Square Bay, and 55 plants from north central in Square bay.

July 6th

Removed 215 plants from just north east of Doctors Island, 55 plants from South Gull Bay and 115 plants from small bay just south of The Wawbeek.

July 7th

Removed another 150 plants from bay south of The Wawbeek (totaling 265 plants). Removed 2 random plants from area in front of the Wawbeek. Removed 20 plants from buoy 1128 and 2 plants from buoy 1129 from the western

concave of Birch Island, and 30 plants from the channel to the north. Removed 300 plants from Gilpin Bay, in and around buoys 1137-1145.

July 8th

Removed 185 plants from Batlett Carry Bay, only hit the north and south areas near the mouth of the bay due to time and the amount of buoys we needed to swim this day. Removed 75 plants from South Pelky bay near 3 of Guy's buoys, and 100 plants from north Pelky bay near buoy's 1153, 1154. Removed 3 plants each from northwest and central Deer Island and 25 plants from the north east of Deer Island. Removed 200 plants from Bottle Bay, buoy's 1146-1151.

Removed 22 plants from Guy's buoy in the east central part of the North Basin.

4.5 bags total
