

**AIM Harvest Summary: Weeks of 6/11 and 6/18**

**Dive Leaders: Nathan Shea (Week 1)**

**Kyle Jaquis (Week 2)**

Crew Leader: Nathan Shea

Divers: Chris Critelli, Kyle Roddy

40Hrs

6/11

No plants found in Back Bay. Removed 75 plants from rock pile between Dry Island and Goose Island. Removed 210 plants from the back portion of Square Bay, many patches of 10 or so. Removed 1 plant located in the cove just to the south of the mouth of Square Bay and 6 plants along shoreline between the cove and the channel behind Buck Island.

6/12

Removed 20 plants near 2 of Guy's buoys next to the small island in north central Saginaw Bay, removed another 20 plants from the cove west of island near 2 more buoys. Removed 2 large plants from southern shoreline directly across Bay. Removed 30 plants from area near point in southwest Pork Bay, 10 plants near 2 buoys from cove around point to the south. Removed 4 plants along the eastern shoreline of the Narrows. Removed about 90 plants from central raised bassweed bed in Bottle Bay, near 2 buoys. Removed 55 plants from bassweed bed near confluence of western Narrows and Fish Creek Bay near 2 buoys, and removed 40 plants from area south of here near small point with shallow water buoys.

6/13

Removed 2 plants from rock pile located to the south of Eagle Island. Removed 10 plants from area near Gasdock Island, and 35 plants from seagull rocks slightly to the northwest of gas dock. Removed 175 plants from western Gilpin Bay.

6/14

Removed 35 plants from bassweed patch between Deer Island and Judge Allen's home. Removed 15 more plants from small point in northern western Narrows near shallow water buoys, removed 4 plants from western Narrows shoreline. Removed 400 plants from 1 of Guy's buoys near southwestern mouth of Square Bay. Removed roughly 80 plants from small cove in northeastern Square Bay near 5 buoys. Removed 165 plants from eastern end of Square Bay near and around 5 buoys.

**Total Invasive plants removed: 2.5 bags**

Crew Leader: Kyle Jaquis

Divers: Chris Burnham, Kyle Roddy  
40Hrs

6/18

Line-swam the Buck Island channel finding 1 bag worth of plants predominantly along the Eastern shore. North End of Buck Island produced 24 plants near the rock pile and Wind Island had 15 plants.

6/19

Western side of Little Square Bay was covered finding 1 bag worth of plants, mostly single stemmed but healthy. Continued swimming north into Green Bay where 8 plants were removed.

6/20

Swam portions of the North Basin to Markham Point where 20 plants were found scattered in the Bassweed. Fish Creek Pond had 41 plants throughout the shoreline. Bungalow Bay had 7 plants as well.

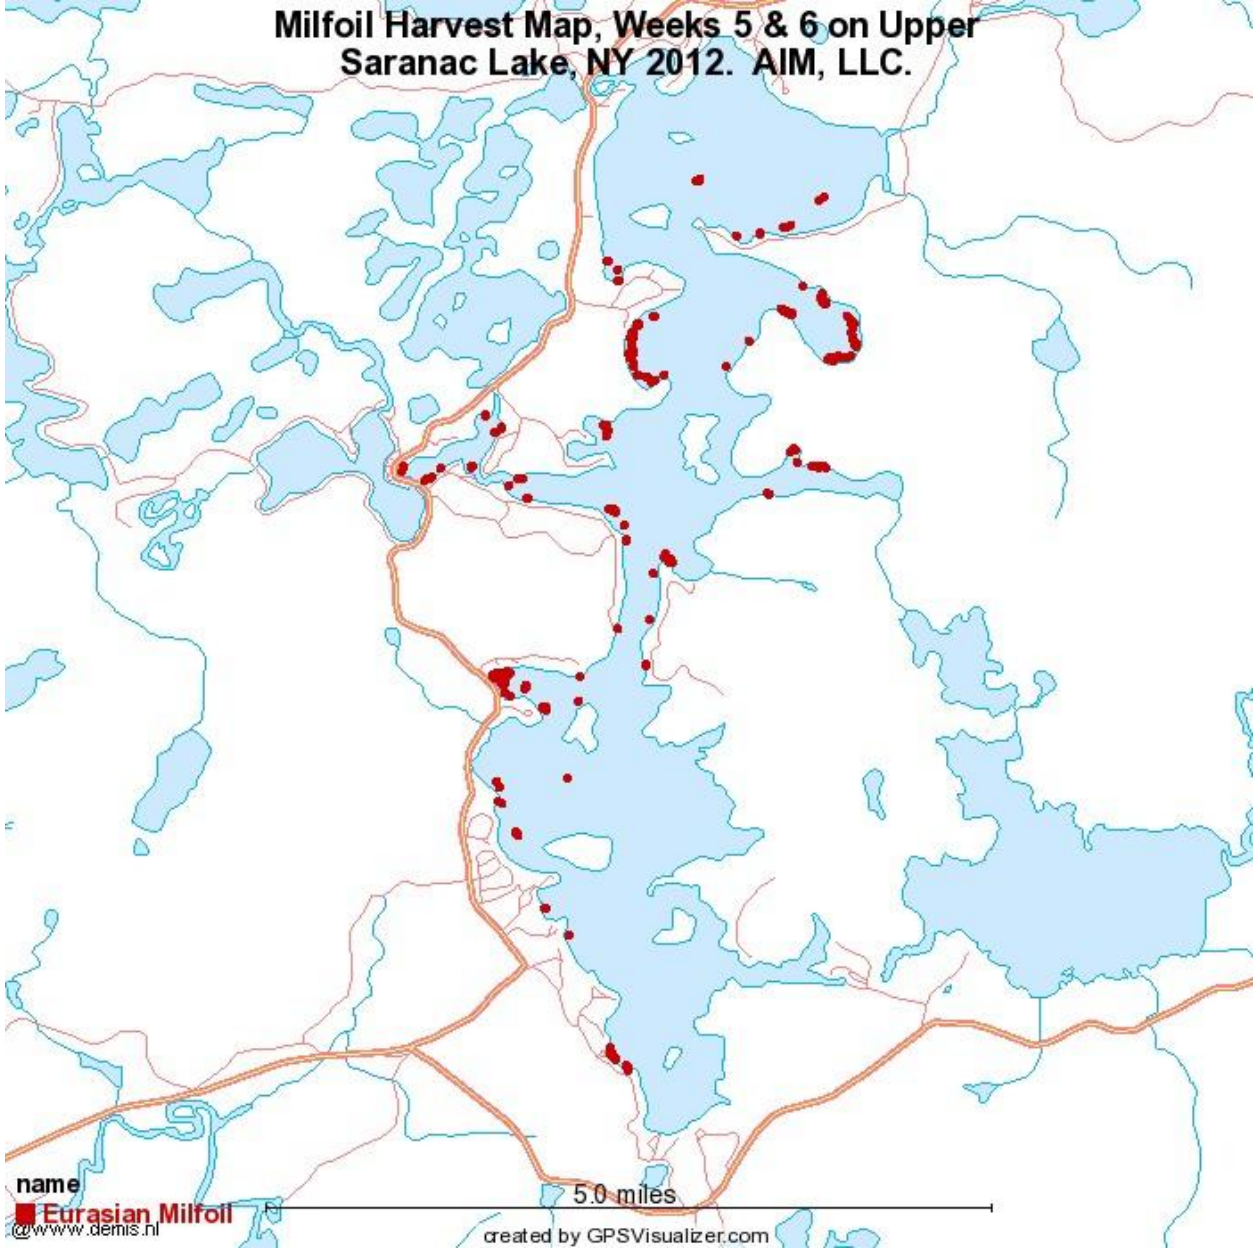

6/21

Swam Gilpin Bay finding around 32 plants scattered throughout. Went south to the Bay in front of Camp Wenonah where 20 plants were found as well as another 5 near Bull Point. Swam all of Fish Creek Bay finding 15 plants mostly on the South side and some on the Western tip.

**Total Invasive plants removed: 2.5 bags**

**Bi-weekly bag total          5 bags          125 pounds**
